Phone: 02 6677 1859

sales@ecasphalt.com.au

ABN 51 755 877 285

QUOTATION TERMS AND CONDITIONS

General Conditions:

- Price is based upon works being undertaken from Monday to Friday – 7am to 4pm.
- All workmanship and material is fully guaranteed for 12 months from the date of invoice. East Coast Asphalt and Concrete Edging cannot guarantee any pavement layers installed by others (e.g. existing road base layers). Guarantee applies to sealed surfaces only.
- Resurfacing an existing surface does not constitute a pavement design. Confirmation of suitability of existing pavement design is the responsibility of the client.
- East Coast Asphalt and Concrete Edging is not responsible for cracks caused by paving defects.
- In accordance with AS3727, pavement design is for light vehicles only. Any damage caused by heavy vehicles or machinery is NOT covered by our standard guarantee.
- The Client should confirm suitability of pavement design prior to commencement of works.
- The Client should seek independent advice if engineering certification is required.
- Price does not include traffic control or testing.
- East Coast Asphalt and Concrete Edging cannot guarantee against any damage to the driveway resulting from root ingress from any adjacent trees, shrubs or aggressive grasses.
- Confirmation of order must be received by a confirmation email or letter in writing quoting the relevant quotation number.
- An up-front deposit of 30% is required before any works can commence.
- This quote supersedes any previously dated East Coast Asphalt quotes for this particular job

Payment Terms:

- 30% Deposit required to commence works
- A further 50% due upon completion of road base layer
- Final 20% due within 7 days of completion

Please Note: The secondary 50% payment must be made on the day of completion - unless prior arrangements have been made before commencement of works

We accept cash, cheque and electronic transfer as forms of payment

Should you wish to pay by electronic transfer - prior arrangements should be made to ensure final payment is made on the day of completion
